Joey

Please put me down. I believe Tom and/or Matt will be involved.
There will probably also be someone from the Chicago bureau other than Matt.

Yes, I was going to email you but was waiting for direction on how to go about it...we have set a videoconference for the morning of July 11. Jane, can you let me know how many from your office would like to attend?

I see the next quarterly meeting is June 13. Has there been any discussion on the penalty issue?
